

Don't Baby Your Engine and Owner/Operator Preventative Maintenance

Johnny Rush, a long-time Aviation Maintenance Instructor and pilot, will discuss how your operation of the engine can have a dramatic effect on the life of your aircraft's engine.

Directions: From Hwy 9, the Snohomish-Woodinville Hwy, go east on Airport Road and arrive at Snohomish Flying Services on the left. Meeting will be in the hangar just west of the cafe.

A message from the National FAASTeam Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?

Sign up for the FAA's safety services at www.FAASafety.gov!
